1. ABOUT PSU

Prince of Songkla University (PSU) was established in 1967 as the first university in southern Thailand. The original aims of the university were to raise the general education standards and support regional industry and development. Today, PSU is a leading public university committed to academic excellence, reputable research, and innovation. It is one of the nine national research universities and among the top 10 comprehensive universities in Thailand by QS ranking. The university consists of five campuses, Pattani, Hatyai, Phuket, Sura Thani and Trang. In 1968, the first permanent campus was established in Rusamilae Subdistrict, Mueang District, Pattani Province.

"PSU Pattani Campus" is the first campus of Prince of Songkla University (PSU) and PSU began its educational journey on this campus. It is located in the field of arts and social sciences and conducts research and academic services, nurturing and developing language, culture, social science, humanities, and fine arts. It was founded in 1966 in Ruesamilae, Mueang District, Pattani Province, as the first and largest university in the southern region. It was originally called 'The University of Southern Thailand' in September, 1967. Subsequently, His Majesty King Bhumibol Adulyadej (King Rama IX) named the university "Prince of Songkla University" on March 12, 1968, observed as the university's establishment day, March 13 marks the university's founding day.

2. INTRODUCTION

PSU Pattani campus is pleased to announce the start of the Student Mobility Program for international students. As part of our vision, PSU strives to foster our students into global citizens. Initially, the program launched in the first semester of the academic year in 2023. There are mainly MOU partners from Southeast Asia joining this program. More than 30 universities from Southeast Asia have been invited to participate in this program. An exchange student will obtain an academic transcript and certificate but will not receive a degree from PSU.

Students mobilized through PSU's Student Mobility Program in the first semester of 2023. Students from universities in Southeast Asia are the primary target group of the program. Creating an international atmosphere on campus and promoting living together in a multicultural society are the main objectives. Additionally, the program aims to improve students' English language abilities. As part of the program, students had chance to learn about Thai culture, Thai cuisine, tourism, fashion, and local customs.

3. OBJECTIVES

The objectives of this program are as follows:

1. Creating a global atmosphere on campus as well as providing an opportunity for students to experience a different perspective on their academic and environment within university in Thailand.
2. Providing multicultural learning environments. Students could gain a deeper understanding of multicultural differences by participating in exchange programs.
3. Developing students' English language abilities. Having interaction with international students can be beneficial to local students in terms of improving their English, especially as they relate to listening and speaking.

4. TARGET GROUP

International students from MOU partner universities in Southeast Asia

“

From the moment I arrived in PSU Pattani, I was welcomed with open arms by everyone, no matter if it was staff, students or Ajan. Their warmth and hospitality made me feel like a member of their own family, and I quickly became immersed in their culture. Living with them gave me a genuine insight into the local way of life, and I formed connections that will last a lifetime.
